SUMMARY OF ST. LOUIS MARKETS.

Corn was the buil feature of the local grain market yesterday. Local speculators were again anxious to get in line with the Harris-Gates crowd, which is believed to be trying to work a corner in Chicago. Trading was somewhat dull early, but toward the said of the first hour prices received by wire indicated that the big combination was again dying heavily. This started a similar movement here and both options advanced rapidly.

Similatics were watched with a great deal of interest. Reports showed that the visiupplies of both wheat and eqra had decreased in the week just closed. In addition is built-in card receipts here and at other primary points were light. Wheat was strong, partly in symputhy with corn and partly on covering by traders who sold

July wheat opened the off and closed the up-

July cars opened by up and closed Fue up.

July onto closed to off. Escoper of produce were fairly large, but the demand was only moderate and prices

Trading in local securities was extremely light. Transit was weak and United Ruliways profetred was fairly steady. Trust-company issues were on the down-turn. Yertermy's bank clearings were \$8,00,378, balances \$39,462. Discount rates were

TO THE PROFIT OF BULLS.

THE MARKET, OVERSOLD AT FIRST, RALLIES SHARPLY.

Fickle Weather the Chief Factor-Provisions Make New Price Records.

Chicago, June 23.-Grain bears were caught in a tran to-day and were squeezed to the good profit of the bulls. On a fickle weather murket bears were induced to sell until the markets were oversold. Early weakness, however, especially in wheat, with a rush. At the close July wheat was are higher; July corn 1%c higher and July onts are up. Provisions closed 12% 25% high-er at record-making prices.

Clearing conditions in the wheat fields as shown by the weather map at the opening, augmented by lower cables, induced liberal early liquidation and short seiling of wheat. After last week's builish arguments on wet weather followed by Saturday's break, the bears thought that prices were much too high for the fair, warm weather they had in lew early builtsh statistics that were instabilities of for a time but soon the crowd perceived that the pit was oversold. Big decreases in stocks frightened the shorts and the rest of the day the trade was busy pushing prices up as the shorts cried for cover. July worked up rapidly to 70 2074 cwith apparent ease. Buying was general. There were renewed rumors that conditions were bad in France, and that thrashing returns were generally unfavorable. In the main, however, the tide of trade was turned by shorts covering on the decreased stocks. Prodictions into in the day were for showers over much of the standing wheat. There was a little dip from top prices on profit-taking, but July closed strong, 3c up at 74 3745c. Local receipts were 24 cars, 7 of contract grade, Minneapolis and Duluth reported 428 cars, making a total for the three points of 452 cars, against 462 last week and 484 a year ago. Primary receipts were 51,000 bu., compared to 521,000 bu. Seaboard clearances in wheat and flour equal 37,000 bu. The visible supply showed a decreased 2,632,000 bu., where only 1,750,000 bu. decrease was expected. On breadstuffs decreased 2,632,000 bu., against 9,481,000 bu. Last year. Corn.

Corn was very nervous all day. Early in the day there was marked artificial strength in July options, caused by arbitra-ry higher bids by the bull leaders without considerable purchases. Fluctuations were erratic, and July quotations could hardly be called a criterion of the corn strength. Wheat, however, lent good aid to this pit on its upturn, and there was urgent buying in the deferred futures at times, especially of Dec., which was oversold. Too much rain and coid weather has been a builtsh factor in corn of lete and in some sections of the corn belt, especially in lowa, these conditions now prevail to some extent.

In other sections, however, crops are said to be in good condition. July at the opening jumped from 66 to 675c, then back to 665c, and closed Fig. up at 57c. Business was not large, however, in this option. Sept. sold from 585c to 60c, and closed strong, ic higher at 595c, Receipts were liberal at 221 cars—30 of contract grade. Cash corn was improved. No. 3 selling at 6256c. ensiderable purchases. Fluctuations were

Onts. Oats were straightened by the advances in the other grains, and by their own excellent cash situation. Early trades were at slight recessions on the influence of temporary clear weather. Selling, however, was only scattered, and there continued to be some talk of too much rain. Some sections reported good crops, but, with cash No. 3 white selling at \$97495c, prices advanced. July sold from \$\$\text{40}\$ cand after a dip on profit-taking, closed firm, \$\$\frac{1}{2}\$c up, at \$\$\text{40}\$\$c. Receipts were \$\$\text{12}\$ cars.

HEIFERS

1. 637 . 125 1. 700 . 2.25

Southern Cattle-Receipts of quarantine cattle were 171 cars containing 5.151 head, against 230 cars and 5.31 head last Moorday and 275 cars and 7.905 head two weeks ago.

Choice steers were more plentiful than a week ago, but were not equal to the demand, and they sold readily at strong to a dime higher prices under good active competition. The top was 17 per cwt. There was a larger proportion of medium steers than of any other grade, and these together with light weights, did not move as early as the more desirable slinds, though they went over the scales with considerable rapidity and better than a week ago at steady to uneventy higher prices. The hulk of the trade was strong to a dime higher.

There was a very good supply of cows that sold steady to strong. Bulls were in fair supply and were not materielly changed in price. There was a good run of calves. The market was steady, with a top of \$10.59 per head for good ones. The clearance was good.

POLICEMAN WOUNDS NEGRO.

Herman Minor Shot by Patrolman Finley for Grabbing Purse. Herman Minor, a negro, who says his

home is in Chattanooga, Tenn., was shot

and probably fatally wounded by Patrolman Henry F. Finley of the Tenth District at Garrison and Washington avenues, about 10 o'clock yesterday morning. He is now at the City Hospital.

Minor attempted to snatch the purse of Mrs. Bessie Carr of No. 17 South Twenty-second street, while she was crossing Washington avenue at Garrison. The only weapon she had was an umbrella and with this she she had was an umbrelia and with this she beat him over the head. Patroiman Finley of the Tenth District, a member of the re-

of the Tenth District, a member of the revolver squad was going downtown in a Page arenue car of the St. Louis Transit Company and saw the woman belaboring the negro with the umbrella. He jumped of the car and the negro ran.

Finley fired three shots and then at a distance of about 150 yards aimed at the negro's back. Minor fell unconscious on the pavement. Doctor E. O. Greer of No. 2750 Park avenue, who had seen the affair and followed the flight of the negro, took him in his bugsy to the City Hospital, where his wounds were dressed. Later Mrs. Carridentified her assallant.

KNIFE APPEARED IN STRUGGLE. Witnesses Had Disarmed Combatants for a Fair Fight.

Alto Pass, Ill., June 21.-John Woods, aged 48, a well-known farmer living two miles northeast of here, is lying at the point of northeast of here, is lying at the point of death with five knife wounds in his left side and one in his neck, said to have been inflicted by Bert Garland, a neighbor, in a fight on Peter Casey's farm, north of town, at 6 o'clock this morning.

Woods's physician says he cannot recover and Garland, who is a young man with a wife and one child, is held on a charge of assault with intent to kill and will have a preliminary hearing before Judge Frazier to-morrow morning. preliminary hearing before Judge Frazier to-morrow morning.

The fight was the result of a disagreement that started a year ago, when Gariand and his wife separated. The trouble has smodered since then until it broke out in hot flames when the men accidentally met this morning. Woods, armed with a club, and Gariand, with a knife, rushed at each other, but were separated by Simon Casey and agreed to fight fairly, throwing away their weapons. But in the next rush, so witnesses say, Gariand reproduced his knife and used it with terrible effect.

WOULD HIDE CRIME WITH FIRE. Charred Body of Arch Buckner Found Pierced by Bullets.

Columbia, Mo., June 21.-Authorities here have just been notified of the killing of Arch Buckner, about two miles south of Rogk Bridge, this county.

When the body was found there were three bullet holes in the chest, and the flesh was badly scorched, the clothing being burnt off.

burnt off.

Buckner and Dave Grant, with a number of other men, had spent the evening drinking together. Grant left the house first, being later followed by Buckner. Shortly afterwards three shots were heard, Grant returned to the house and naked for a match.

No attempt appears to have been made to find the body, However, and no effort was made to secure Grant's arrest. The motive for the shouting is not known.

WANTED TO SEE HIS MOTHER. Soldier Says Homesickness Caused

Him to Desert.

Owneshoro, Ky., June 25.-Morris Bowling, private soldier of Company D, Eighteenth Twelve-Year-Old George Hicks
Wanted to See the Country.

REPUBLIC SPECIAL
Mattoon, Ill., June 22.—George Hicks, the
12-year-old son of George E. Hicks, a traveling salesman for the Graham Paper Company of St. Louis, who disappeared from his home at Brawns, near Olney, several days ago, was located in this city to-day by the local police.

It was reported that he had been kidnaped and officers for miles around scoured the country. The lad wanted adventure and came here on an Ill nois Central freight train. United States Infantry, who deserted his
